

# Reporting Crime & Nuisance

## Community Information for residents of North Reading

### Your community

We live in a great community, but you may sometimes have worries about things going on in your neighbourhood, such as drug dealing, speeding cars, fly-tipping, dumping or litter.

This leaflet has been produced as part of a dedicated approach to reducing anti-social behaviour in the North Reading area, to help you know who you can speak to if you have concerns.

**Keep it handy: you never know when you might need it.**

### CRIME including drug dealing and Anti-Social Behaviour

CRIME including drug dealing and Anti-Social Behaviour:

- Contact the police to report a non emergency crime via the TVP website: [www.thamesvalley.police.uk](http://www.thamesvalley.police.uk) or direct email to the North Reading Neighbourhood Team: [PeppardandcavershamNHPT@thamesvalley.pnn.police.uk](mailto:PeppardandcavershamNHPT@thamesvalley.pnn.police.uk) or [MapledurhamandThamesNHPT@thamesvalley.pnn.police.uk](mailto:MapledurhamandThamesNHPT@thamesvalley.pnn.police.uk). More details about the team can be found here <https://www.police.uk/thames-valley/N466/team/> and local events here <https://www.police.uk/thames-valley/N466/news-and-events/>
- Call the Police on the non-emergency number **101**.

If you can, keep a note of any suspicious activities and of any distinguishing features of the suspect like sex, age, build, what they were wearing and if they were carrying anything. If a car is involved, try to remember the colour, make, type and registration number.

Any details you can give provides us with evidence to help identify individuals and take appropriate action against them using the tools and powers available to tackle anti-social behaviour.

Photographic evidence is welcome and should be emailed to the Police. Residents should not put themselves at risk in taking photos or videos and should be careful that the angle of the photo does not reveal who took it. The Police advise that photos should not be posted publicly/online/on social media.

To help prevent burglary, please double lock your front door. For further information attend a Have your Say event or see the Thames Valley Police neighbourhood website for contact details

### Domestic CCTV Rules

An individual has the right to protect their property and this can be done by using a CCTV system. Consideration needs to be made to the following when using CCTV to ensure that you are transparent to those around you.

You can do this by:

- Informing your neighbour(s) about your system.
- Putting up a notice informing people that recording is taking place.
- Placement, make sure it does not encroach on other people's property.
- Your cameras do not intrude on your neighbour's property.
- You regularly delete the recordings and that they are not kept for longer than is necessary for the protection of your property.
- You must make sure that the information is not used for any other purpose than protecting your property.
- If your system captures information of an incident, it could be use by the police to aid an investigation.

Police may ask for footage from private CCTV to support criminal cases. Recordings made with static CCTV camera/Mobile phone require a diary sheet to support the incident that was recorded.
