Annual canvass 2015
Previously, one person in every household was responsible for registering everyone else who lives at that address.

With the introduction of individual electoral registration (IER) on 10 June 2014, each person is required to register to vote individually, rather than by household.

When you register to vote, you will be required to verify your identity by supplying your National Insurance number and date of birth.

You can register to vote online at https://www.gov.uk/register-to-vote.

Household Enquiry Form
We have sent a letter known as a household enquiry form (HEF) to every household.

The form is addressed to the occupier and contains the details of anyone in the household registered to vote.

What you need to do
If the details on the form are correct confirm this by following the instructions. You can:

- Go to: www.registerbyinternet.com/reading
- Call 0800 197 9871. You will need the security code printed on the HEF recently sent to you to use this service.
- Text NOCHANGE followed by your security code to 80212
- Sign the declaration on page 3 of the HEF and return in the reply paid envelope.

If you need to make any changes you can:

- Go to: www.registerbyinternet.com/reading
- Make any changes on the form and return it in the reply paid envelope
What happens next?

If you confirm no changes and everyone is registered individually we will not contact you again.

If there are new people to register we will send each individual an invitation to register letter (ITR). This form will then ask for all of the details needed to register to vote.

Alternatively, you can register online at [https://www.gov.uk/register-to-vote](https://www.gov.uk/register-to-vote).
