1. PURPOSE OF REPORT AND EXECUTIVE SUMMARY

1.1 This report advises Members of the proposal to change the "off street" car parking orders as detailed in Appendix 1 and 2. This has come about as a result of a review of the tariffs.

1.2 Appendix 1 - Proposed Car Park Tariff Charges 2018

Appendix 2 - Season Tickets 2018

Appendix 3 - Comparison of Car Park Charges 2018

2. RECOMMENDED ACTION

2.1 That the Members agree to change the car park tariff as set out in Appendix 1 and 2.

2.2 The statutory requirements for changes to the Borough of Reading (Civil Enforcement Area) (Off Street Parking Places) Order 2012, Borough of Reading (Civil Enforcement Area) (Off Street Parking Places) (Amendment) Order and The Borough of Reading (Off Street Parking Places) (Civic Car Park "B") (Experimental) Order 2014 are authorised and the Head of Legal and Democratic Services is authorised to advertise the proposals.

3. POLICY CONTEXT

3.1 The current parking strategy is a core element of the Local Transport Plan. The strategy aims to manage the level of long stay/commuter parking in the Town Centre. A key feature of the strategy is pricing of Town Centre parking to reflect the availability of alternatives, especially long stay parking provided by park and ride.

#### 4. THE PROPOSAL

##### 4.1 Current Position:

4.2 The car park tariffs were last reviewed in June 2017 with changes made to the tariffs in Broad Street, Queens Road, Civic B, Cattle Market, Hills Meadow and King's Meadow car parks. The tariffs reflect the different types of off-street car parking that is available, for example with the local centre shopper's car parks charged differently to town centre car parking.

##### 4.3 Options Proposed

4.4 Please see Appendix 1 and 2 for full listing of car park charges proposed. Should these be agreed and the associated Traffic Regulation Order be implemented, it is planned to introduce these from August/September 2018 provided there are no objections to the order.

4.5 NCP Ltd has reviewed all the car parks tariffs which has taken into account who the main customer segments are (e.g. retail, commuter), the appropriate products available, optimal pricing strategies, and reviewed financial models to understand the risks and opportunities.

4.6 The overall change to pricing structure should increase volumes.

#### 5. CONTRIBUTION TO STRATEGIC AIMS

5.1 This proposal supports the aims and objectives of the Local Transport Plan and contributes to the Council's strategic aims, as set out below:

- Providing infrastructure to support the economy.
- Remaining financially sustainable to deliver these service priorities.

#### 6. COMMUNITY ENGAGEMENT AND INFORMATION

6.1 Statutory Notices and Advertisements will be made in advance of any changes.

#### 7. LEGAL IMPLICATIONS

7.1 Changes to Traffic Regulation Orders will require advertisement and consultation, under the Road Traffic Regulation Act 1984 and in accordance with the Local Authorities Traffic Orders (Procedure) (England and Wales) Regulations 1996.

#### 8. FINANCIAL IMPLICATIONS

8.1 The Proposals will require additional legal advertising costs.

8.2 The overall change in income is estimated by NCP at £200K p.a. The additional income contributes towards progressing closer to the profit share threshold, but it is not likely that this will be reached in this financial year and therefore the Guaranteed Minimum Payment provided for in the contract will remain unchanged until profit share is reached. Any delay in implementation of the tariff change proposals would have a negative impact on the contract income estimates.
